## WORK EXPERIENCE

**Lead Web Developer / Xana Ad Hoc Studios**  
West Hempstead, NY  
SEP–DEC 2020

Led a team of developers in designing and implementing a promotional website for the VR game Changeling produced by Xana Adhoc. Implemented character Interactions using HTM/CSS, Javascript, Howler.js, and Vue.js. Guided design choices and developed interaction concepts. Led communications between multiple teams and project leads.

**Web Developer & Front End Designer / Intelleplant LLC**  
MAY–AUG 2021

Designed and formatted the mobile application and website for the company website of Intelleplant LLC. Implemented the website with HTM/CSS and Javascript. Guided design choices and developed mobile application concepts using the Adobe Suite and Figma. Carry out and improved upon the vision laid out by project leads.
